Coifin Product Catalogue

Professional Italian hairdryers, engineered in Italy for the salon and trusted at home.

DISTRIBUTED IN SOUTH AFRICA BY

Classic HOUSEWARE

MADE IN ITALY

ABOUT THE BRAND

Italian-made power for professional hands

Coifin builds professional hairdryers in Italy, designed for the daily demands of the salon.

Coifin is an Italian maker of professional hairdryers under the O.R. Italian Line. Every dryer in this range is built around a PRO AC motor made in Italy, the kind of motor salons rely on for long, intensive daily use.

The range pairs that motor with practical pro-grade details: Venturi-effect concentrator nozzles, cool-running bodies, removable filters and long, ultra-flexible cords. The result is a dryer that keeps up in a busy salon and brings the same results home.

MADE IN ITALY

01 **Made-in-Italy PRO AC motor**

16,000–19,000 rpm motors with a brass-bushing fan, built for continuous salon use.

02 **Venturi-effect nozzles**

Ultra-slim concentrator nozzles raise drying productivity by up to 20% without drawing more power.

03 **Built for the working day**

2.8 m ultra-flexible cord with hanging loop, cool air-chamber body and a removable filter.

SOUTH AFRICA

Classic Houseware is the authorised sole importer and distributor of Coifin in Southern Africa, supplying salons, independent retailers and major online platforms nationwide.

Warranty, support & ordering

Every Coifin dryer is backed by Classic Houseware's national service and support.

01

Factory Warranty

All Coifin dryers carry a 6-month limited warranty against factory defects, from the original date of purchase.

02

Out-of-Box Exchange

Items with a fault within 7 days of purchase qualify for an exchange, once tested and confirmed by a Classic Houseware sales agent.

03

Proof of Purchase

A valid proof of purchase (the original invoice) must accompany every warranty or exchange claim.

04

Genuine Accessories

Coifin diffusers and accessories are available from Classic Houseware to get the most from every dryer.
